

East Coast Poly Services is committed to improving environmental performance across all of our business activities, and will encourage our people and the wider community to share that commitment.

East Coast Poly Services aims to protect and conserve the environment by minimising adverse environmental impact resulting from our business activities as much as reasonably practicable.

East Coast Poly Services will build an environmentally aware culture on the basis of:

- Commitment to this Environment Policy;
- Adopting a high level of environmental standards in all areas of our business to ensure we meet and exceed all relevant legislative requirements;
- Implementing an Environmental Management Plan that promotes environmentally compliant business activities and encourages participation from all associated with the organisation;
- Considering environmental impact on all business decisions.

East Coast Poly Services Management is committed to:

- Monitoring and enforcing the company Environmental Management Plan;
- Providing appropriate training and information to all personnel, contractors and visitors regarding best practice environmental strategies and promoting a proactive approach to the best practice environmental management;
- Maintaining statutory compliance and reporting;
- Ensuring environmental risks are identified, assessed, controlled and monitored.

East Coast Poly Services Workers are committed to:

- Following East Coast Poly Services Environment Management Plan and associated policies and procedures;
- Reporting environmental hazards and incidents to management;
- Acting in an environmentally ethical manner, prevent pollution, reduce waste and adopt recycling strategies where feasible.

East Coast Poly Services will actively monitor and review our organisation's performance to ensure that we succeed in meeting our Environmental objectives.

***East Coast Poly Services** Environmental Policy shall be reviewed periodically in accordance with Company consultation and communication processes.*
